

Alaska Clean Tanks, LLC.

Capability Statement

What's in Your Tank?

Why ACT...now?

Fuel storage tanks get Dirty. Present day fuels have a much lower sulfur content, and that change has made stored fuel much more susceptible to Microbial growth. Alaska Clean Tanks provides an essential and necessary fuel tank cleaning and fuel polishing program to counteract the cumulative effect of time and exposure from water, air and temperature changes. If microbial growth is left unattended in storage tanks, significant problems will develop. This growth (sludge) accumulates on bottom of tank that will build up and contaminate fuel which clogs filters and can cause emergency generators and heating systems to be vulnerable and costly during emergencies and extreme weather as well as tank corrosion.

Competencies

- Rotary Impingement cleaning to effectively and efficiently clean AST and UST bulk storage tanks
- Fuel oil and Diesel reconditioning, Tank Pumping and Water removal
- Micro-Blaze vapor purging, LEL and VOC reduction, reducing time required to clean and clear vessels and tanks for maintenance, hot work, closure and decommissioning
- UST and AST fuel storage tank removal and replacement.
- Contaminated site Cleanup; Restoration and Hazmat transport and disposal, Hazmat Vac Services
- Mission Critical fuel testing and treatment for stored/backup emergency generator fuel per EPA
- MESA 2D DIGITAL Volumetric Tank Tightness Testing / SP001 AST Tank Inspector

Key Clients

South & Central Peninsula Hospitals
BAE Systems / Clear Air Force Station
Crowley Fuel Services/ tank purging
Golden Valley Electric Assoc./ Tank Cleaning
Pacific Power / Gen stored fuel tank cleaning
INDYNE, Inc. / Clear Airforce Station
City of Valdez/ Multiple Large Tank Decomm
Doyon / Aramark / Tank Upgrades –SP001
State of Alaska / Sitka ?Tank Cleaning
FAA (Hinchinbrook Island) UST Tank Cleaning
Providence Hospital/ Multiple Tank Cleanings
AHTNA / Eielson AFB / Tank Clean and Purge
Chenega Bay Corporation/ Chenega Bay AK
Hornbeck Offshore (Dutch Harbor, Pt Angeles)
Bristol Bay Corp, Dillingham /Several tank Clean
UAA / Fuel Test & Clean “Stored Fuel” Tanks

NC Power - Aniak Light and Power / Aniak
Fairbanks N Star Borough / Product Swap
FTWW / Brice /remove water from tanks
AK Commercial Co / Galena /Tank Upgrades
Univ of AK / Fbks, Nome, Anch
Wells Global / FAA Elmendorf /UST Tank Clean
Marathon Petroleum / UST Tank Testing
UAF-Kotzebue / Tank Decomm & New Install
